## Honeywell Home

# ATC928G3xxx CENTRAL CONTROLLER

#### **PRODUCT SPECIFICATION SHEET**

The evolome Central Controller is a multi-zone controller providing independent time and temperature control for radiator or underfloor heating systems as well as stored domestic hot water.

The evolome Central Controller can be used in many different configurations. As multi-zone system offers great benefits for larger properties but a single zone thermostat can also be used in smaller properties or simply as a 'starter' configuration, before upgrading to zoning.

The sophisticated fuzzy logic control in combination with heating optimisation features such as optimum start/stop or delayed start ensures precise and efficient temperature control throughout entire house.

The easy-to-use system interface provides access to all system functions through attractive colour touch screen display.

The evolome Central Controller can also be remotely accessed via the intergrated Wifi and Android or iOS mobile apps.

#### FEATURES

- Independent time and temperature control of up to 12 heating zones and stored hot water
- Backlight colour LCD touch screen display
- Suitable for wall mounting (with in-wall power supply) or table top mounting on a stand provided
- 'Armchair' configuration and programming possible due to rechargeable batteries
- Optional front cover colours are available
- Informative home screen providing quick overview of system zones
- Quick actions buttons supporting most often used system override functions: away mode, economy mode, day-off more and system off mode provided as standard
- A choice of programming methods including system guided programming wizard mode and intuitive timeline graphical display
- Compatible with wide range of accessories using wireless LAN technology
- Additional information on evolome system on: <u>homecomfort.resideo.com</u>

#### SPECIFICATIONS

Power supply	4VDC,±0.2V, max 2.6W	
Battery	2 x rechargeable battery	
	AA 1,2V NiMH,	
	2000-2400 mAh	
RF Frequency	ISM (868.0-870.0)MHz	
Receiver Class	2	
RF Communication Range	30 m within a building	
Display	LCD colour graphic	
	96 x 56 mm display area	
	480x272 pixel, 24 bit colour	
Temperature Sensor	NTC, op. range 0 to 40°C	
Operating Temperature	0 to 40°C	
Humidity	10-90% RH non-cond.	
Shipping & Storage	-20 to 50°C	
Dimensions	139 x 101 x 21mm	
IP Ratings	IP30	
Standards	CE approved.	
	EMC 2014/30/EU	
	LVD 2014/35/EU	
	RED 2014/53/EU	
	RoHS 2011/65/EU	

### ORDERING SPECIFICATION

OS Number	Description	Target Markets
ATC928G3000	Central Controller Controller unit + instruction set	UK/NL/FR/BE
ATC928G3026	Central Controller Controller unit + instruction set	CZ/HU/PL/RO/SK/DA
ATC928G3027	Central Controller Controller unit + instruction set	DE/IT/ES
